### Profile

---

Enthusiastic and detail-oriented fresher with strong knowledge of HTML, Tailwind, C++, React and JavaScript. Skilled in developing responsive web applications and eager to apply technical skills in a real- world environment. Quick learner with a passion for problem-solving and continuous growth in software development.

### Education

---

**MASTER OF COMPUTER APPLICATION (MCA),** 2024 – 2026 | Ghaziabad  
INDERPRASTHA ENGINEERING COLLEGE

**BACHELORS OF COMPUTER APPLICATION (BCA),** 2020 – 2023 | Ghaziabad  
ITS MOHAN NAGAR (CCS UNIVERSITY)

### TECHNICAL SKILLS

---

HTML • TAILWIND • JAVASRIPT • REACT • C++ • GIT • NODE

### Projects

---

**AI Image Generator App (MERN Stack),** Live demo - <https://imagify-3qfe.vercel.app/>

- Built a text-to-image generator using the ClipDrop AI API.
- Added user login/signup with JWT authentication.
- Created a credit system where users spend credits to generate images.
- Integrated an online payment option for buying more credits. Stored user details, credits, and image history in MongoDB.
- Designed a simple and responsive UI in React.

**Netflix-Style Portfolio Website,** Live demo- <https://netflix-style-portfolio.vercel.app/>

- Designed and developed a modern, Netflix-inspired personal portfolio to showcase projects and skills.
- Built using React, JavaScript, and Tailwind CSS with a focus on smooth UI and user experience.
- Implemented horizontal scrolling sections and interactive layouts inspired by streaming platforms.
- Ensured mobile-first responsive design for seamless use across desktop and mobile devices.

### Weather App

- Built a weather forecasting app using HTML, CSS and JAVASCRIPT.
- Integrated OpenWeather API to fetch live weather data (temperature, humidity, windspeed).
- Designed a clean and responsive UI for mobile and desktop.

### Hobbies

---

#### Travelling-

exploring new cultures and adapting to diverse environments

#### Competitive Esports gaming -

teamwork, strategy, and quick decision-making.
